Application to enrol in a Queensland State School

This sheet contains information on how to complete the Application for Student Enrolment Form (SEF-1 Version 6).

Entitlement to enrolment

Under the *Education (General Provisions) Act 2006 (Qld)* a state school must enrol an applicant if they are entitled to enrolment. While not exhaustive, a list of matters which may affect an applicant's entitlement to enrolment are included on the front cover of the enrolment form.

Questions which must be answered*

The Application for Student Enrolment Form contains a number of questions marked with an (*) which must be answered. These include – Student demographic details, Student address details, Student family details, Religion – Religious Instruction, Country of birth, Emergency contact details, Student medical information and the Application to enrol. These questions and consent are considered necessary to ensure the school can undertake its administrative and care responsibilities.

Sections of the form not marked (*) are optional. However, failure to complete these sections may result in the school not being eligible for important Federal and State Government funding.

Parent's occupation and education

All parents across Australia, no matter which school their child attends, are being asked to provide information about family background (answering this question is optional). The main purpose of collecting this information is to promote an education system which is fair for all Australian students regardless of their background.

Sighting of birth certificate

Schools are required to sight a child's birth certificate. An alternative to a birth certificate will be considered where it is not possible to obtain a birth certificate (e.g. child born in a country without a birth registration system – passport or visa documents will suffice). Mature age students that provide appropriate photographic proof of identity do not need to present a birth certificate.

Court Orders

Any court orders concerning the welfare, safety or parenting arrangements of children should be provided to the school by parents, and the school should also be provided with any new or updated orders.

Name on enrolment form

A child should be enrolled under their legal name as per their birth certificate. There is provision to also record a child's preferred family and given name. The preferred name will be used on internal school documents such as class rolls. The legal name will appear on semester reports unless specifically requested by parents to use the preferred name only.

Evidence of Student's Immigration Status

This section is required to be completed by a student who is not an Australian citizen and requires information to be recorded about a student's passport and visa.

Medical information and emergency contacts

A child's medical condition, symptoms, management and medication/s must be documented. Medical conditions may include (but are not limited to) seizures/epilepsy, fainting, diabetes, asthma, heart problems, anaphylaxis and allergies (such as food or insect stings). Parents must indicate if they are an emergency contact. Three additional emergency contacts are also required.

Religion – Religious Instruction

Parents/carers are asked to identify a child's religion. From Year 1, your child will be placed in this nominated religious instruction class if it is available.

If this section is marked 'no religion' or 'no religion nominated' or a response is provided that is not represented within the school's religious instruction program, your child will receive other instruction in a separate location during the period arranged for religious instruction.

Parents may change these arrangements at any time by notifying the principal in writing.

Office use

This section is to be completed by the school and will assist in documenting specific details in relation to a student's enrolment, including confirmation of the sighting of documentary evidence such as a student's birth certificate, passport or visa and student's mature age status.

- 'Social Media Website' includes any website operated by a third party which facilitates the uploading and sharing of user generated content, including social and professional networking websites, web forums, blogs and wikis.
- This consent extends to the Department and the State:
 - disclosing the Individual's personal information and Individual work to the Department's and the State's agents, contractors and volunteers for the purpose of performing services for the Department and the State; and
 - permitting those persons to use, record and disclose such material to the same extent as the Department and the State are entitled to deal with the Individual's personal information and Individual work.

9. NOTE

The Department will use its best endeavours to ensure the person signing this Consent Form is authorised to do so, but takes no responsibility for circumstances in which it is misled as to the identity or authority or ability of a person to provide consent.

If you require a copy of this signed Consent Form, or if you wish to revoke this consent, please contact the Principal of the school at which the Individual is enrolled or works or send a request in writing to the District Office.

10. INFORMATION

What is this consent for?

This Consent Form authorises the Department and the State to use the Individual's personal information and copyright material, together with information about the Individual's participation in Departmental and State initiatives, for any use by the Department and the State associated with the purposes identified in Section 6 of this Consent Form. The consent covers the entire or partial use of the Individual's personal information and copyright material in conjunction with other words and images.

For example, the Individual's personal information and copyright material may appear in school newsletters, magazines, websites (including Social Media Websites) and other school, departmental or State publications, as well as in television advertising, videos, brochures, forms, public relations displays, annual reports, press advertising, internal documents such as manuals, websites, certificates and strategic plans, and posters and other promotional material. There may also be occasions on which the Department may approve the media, such as local newspapers and television stations, using information and copyright material in relation to the Individual (for example, where the Individual is involved in dramatic or musical performances, sporting activities or award ceremonies).

Websites

Individuals and Signatories should be aware that publication of an Individual's personal information and Individual work on Social Media Websites is similar to publication in newsletters, magazines, brochures, etc; however publication on Social Media Websites is publication of that material to the world at large.

Individuals and Signatories should be aware that the publication of an Individual's personal information and Individual work, by the Department or the State, on a Social Media Website typically constitutes a permanent and publicly available record of that material. This means that anyone may be able to copy and use an Individual's personal information and Individual work that has been published on a Social Media Website for any purpose and without the consent or knowledge of the Department, the State or the Individual. Individuals or Signatories should not grant their consent to the Department or the State to use an Individual's personal information or Individual work in connection with a Social Media Website if the Individual or Signatory does not agree to the material being permanently available to the public.

If an Individual's personal information or Individual work is published on a Social Media Website, that material will be governed by the privacy policy and terms of use of the relevant Social Media Website. The Department or State cannot reasonably control how an Individual's personal information or Individual work is used by third parties once the material has been published on a Social Media Website.

What is copyright material?

An Individual's copyright material may include written work (e.g. stories and poems), paintings, pictures, drawings, designs, photographs, videos, films, music, performance, recordings, computer programs, websites, sculptures, fashion, metal- or wood-works made by them or to which they contributed. In the case of students, it includes, but is not limited to, work that they create in the course of their studies during the time they are enrolled at a State school. These materials may form part of their academic assessment or be part of their studies generally and may attract copyright.

The Department understands that students and volunteers generally own the intellectual property rights in the material they create and that this Consent Form is not meant to transfer the Individual's ownership of the intellectual property in their copyright material.

This Consent Form does not provide for copyright consent in relation to copyright works an Individual creates in the course of employment (whether or not the material is created in normal work hours or using departmental facilities or equipment). Where copyright material is created by a State employee while performing their duties under the terms of their employment, the copyright is owned by the State as the employer (section 35 *Copyright Act 1968*). There are limited exceptions to this including, for example, where the copyright material is created by an employee pursuant to a prior agreement with the employer.

Generally, the deciding factor is whether the employee is performing their official duties. In addition, section 176 of the *Copyright Act 1968* applies where the work was created by or under the direction or control of the State. However, moral rights may still apply to copyright material created by an employee. The *Queensland Public Sector Intellectual Property Principles* provide further information on intellectual property. If as an employee you have any further queries about the ownership of the intellectual property in respect of the works you create you should contact the Legal and Administrative Law Branch.

What is personal information?

Personal information includes information or opinions, whether true or not, about an individual whose identity is apparent or can reasonably be ascertained from the information or opinion. This includes the Individual's name, image or video or sound recording. It also includes the Individual's educational information such as the Individual's assessment and results, and health information and court orders provided to the Department, where such information may enable the Individual to be identified.

What happens to the Consent Form once it is completed and signed?

The Consent Form is retained by the Department and it will be placed on the Individual's file and/or the project file. The Individual or Signatory may request a copy of the signed form by contacting the Principal of the school.

What if I give my consent and later change my mind?

This consent will be in effect from the date the Consent Form is signed. The Department and the State will then start using the Individual's personal information and Individual work to create material incorporating the Individual's personal information and Individual work and entering into contractual obligations in relation to that material.

If you wish to later modify or revoke this consent, the Individual or the Signatory should send a notice in writing to the person nominated in Section 2 of this Consent Form. After that notice is received, the Department and the State will not make any new additional use of the Individual work, but any existing uses will continue.

Where the Department or another person uploads material to a Social Media Website or other website, it may need to accept contractual obligations that are perpetual and irrevocable. It may not be possible to ensure that all copies of the material are deleted or cease to be used, and the Department and the State cannot take responsibility for doing so.

Privacy

The consent to the recording, use and disclosure of the Individual's personal information and Individual work is required in accordance with the *Copyright Act 1968* (Cth), the *Education (General Provisions) Act 2006* and the *Information Privacy Act 2009*. Personal information will be stored securely. The Department will only disclose the Individual's personal information in accordance with your consent, except where authorised or required by law. If you wish to access or correct any of the personal information on this form or discuss how it has been dealt with, or if you have a concern or complaint about the way the Individual's personal information has been collected, used, stored or disclosed, please contact the school.
